

National Health Freedom Coalition NEWSLETTER

AUGUST 2020

We hope you enjoy receiving our newsletter. NHFC is dedicated to educating you about your health freedom concerns and keeping you up to date on events, news and issues going on throughout our country. Please take time to read our articles and give us feedback on what you would like to see.

EPA on Trial for Ignoring Fluoride as a Children's Brain Toxin

by Leo Cashman, Director of DAMS (Dental Amalgam Mercury Solutions) and Board member of National Health Freedom Coalition

Fluoride On Trial

The US Environmental Protection Agency (EPA) is on trial in a federal district court in San Francisco over its failure and unwillingness to classify fluoride as being toxic to children's brains and impairing children's ability to learn. The stakes are high as fluoride products are currently being added to the drinking water of 200 million Americans and fluoridation is promoted in fifteen other countries. Further, fluoride, a powerfully toxic germ-killer, is used in most toothpastes sold in the US, and it is

touted as being safe and effective in fluoride gels, rinses and varnishes that are widely used in dentistry.

Lobbying Challenges During a Pandemic:

Two more safe harbor practitioner exemption bills close to passage!

National Health Freedom Coalition's sister lobbying organization, National Health Freedom Action is supporting two Practitioner Exemption bills going forward during these unprecedented times: Wisconsin SB 492 and Massachusetts S.2634. These proactive, solution-oriented bills are needed to protect consumer access to unlicensed practitioners providing complementary health care services, including herbalist, traditional naturopaths, homeopaths, nutrition consultants, and many others.

Wisconsin and Massachusetts are SO close to becoming the 12th and 13th Safe Harbor states!

However, if you follow NHFA's work to pass [Practitioner Exemption legislation](#) for complementary and alternative health care providers, you know each state's legislative process is unique.

Attorney Diane Miller Presenting at Trinity Health Freedom Expo!

Trinity Expo is going Virtual October 2020!

Trinity Health Freedom Expo is an amazing gathering of experts and advocates for natural and alternative health, bringing dozens of educational lectures to the public about natural health and ways to protect our health freedom.

Diane Miller, Director of Law and Public Policy for NHFC and NHFA, will be presenting and informing listeners about the right of healing practitioners to provide services and information to their clients.

New Staff member Julie Booras!

We are excited to introduce the latest addition to our staff, Julie Booras.

Julie is passionate about health freedom rights and believes that each person should be free to make decisions about their own health and the health of their families without government interference. She believes in innate intelligence of the human body and that nature offers the medicines we need to heal.

Julie brings her creative, marketing and entrepreneurial skills to the team and plans to be a loud voice in the movement to protect and defend our rights to bodily autonomy through education and legislative action.

Julie will be assisting with outreach and development, to ensure the financial stability and resources for the future for both NHFC and NHFA. We are excited to have Julie Booras join our team!

Homeosummit 2020 September 28th to October 2nd

Please join us for this free worldwide homeopathy event. With 68 sessions delivered by 42 speakers from 11 countries over 5 days with 2 specific learning tracks, get ready to be inspired and empowered by homeopathy! This event is for everyone. There are two learning tracks: one for everyone, and one just for homeopaths.

REGISTER

On Wednesday September 30th, Diane Miller, Director of Law and Diplomacy for NHFC & NHFA, will be presenting Safe Harbor Laws: Protecting the Public and the Healing Arts.
